Signs

Ohio law states that signs, regardless of their purpose, cannot be placed in road right-of-way or attached to signs and posts.

The road right-of-way can vary from 30 feet to 120 feet wide depending on the road. **A good general rule of thumb is signs should be placed behind the telephone poles, in farm fields, or behind the sidewalks.** This means that no signs should be positioned in the area between the curb and the sidewalk on roads with curbs or in front of telephone poles.

Signs can be placed on private property only with the consent of the property owner and in compliance with municipal or township ordinances, when applicable.

Signs placed in county road right-of-way and removed by our crews will be available for pick up for two weeks at our facility at 615 Dayton-Xenia Road, Xenia, Ohio. After that, they will be disposed.

Thank you for your understanding in this matter as we continue to keep the public safe and our roads well maintained.
